LET'S BE

More Courteous

To Our Party Line Neighbor!

ONE SURE WAY to improve party line service is for ALL subscribers to observe these simple rules of party line courtesy:

★ Wait for the dial tone. If someone else is using the line, replace the receiver *carefully* and try again in a few minutes.

★ Keep conversations brief. Someone might need a doctor or the fire department in a hurry. *It might be you!*

★ Do not allow children to play with the telephone. It interferes with your party line neighbor's service.

★ Allow time between calls and you will help yourself and your party line neighbor to get calls through.

Such thoughtful consideration is the responsibility of EVERY SUBSCRIBER.

Bremen Telephone Corporation

SERVICE INFORMATION

HOW TO DIAL YOUR TELEPHONE

FIRST: Obtain the correct number from the telephone directory. Take the receiver down and listen, when you hear a steady hum (the dial tone) the equipment is ready to receive your call. **Do Not Start To Dial Until You Hear The Dial Tone.** If this is not heard, hang up the receiver and try later.

To dial any number, place your finger firmly in the dial hole over the first figure of the number wanted. Turn the dial around to the right until your finger strikes the finger stop. Then remove your finger and allow the dial to return freely to its normal position. Do not retard or hasten the dial on its return movement. Perform a similar movement for each of the other figures in the number you are calling. If you make a mistake in dialing, it can only be corrected by hanging up the receiver and starting over again in a few seconds.

THE RINGING TONE:

The ringing signal is an intermittent burr-rr-rr sound heard after you have completed dialing, if the called line is not busy, and indicates that the called number is being rung. You should wait for at least ten of these burr-rr-ing sounds to be heard before you replace your handset. Your called party may be in the basement, upstairs or out of doors, this gives them a chance to reach their telephone.

THE BUSY TONE:

The busy signal is a rapid buzz-buzz-buzz sound heard after you have completed dialing, if the called line is in use. Replace the handset and try again later.

If you hear neither the ringing or busy signal within a minute, replace the handset for a few seconds, then remove it, and after hearing the dial tone, dial the complete number again.

Do not press down the buttons that your handset rests on or dial while talking, or you will be disconnected. Always restore the handset to its resting place when through talking or before making another call. Your line is busy to others when the handset is not in place.

DIALING PARTIES ON THE SAME LINE:

Subscribers having the first three left hand digits of their number alike are on the same line.

To call a party on your own line, the number to dial is different than the one listed for that party.

Any subscriber on any party line may reach any other party on that line by first dialing "9", then the last (or right hand) figure of your own number and the last (or right hand) figure in the number of the party wanted, then hang up your handset. When your telephone stops ringing, the called party has answered. Remove your handset and talk. If the party called does not answer, you may stop your telephone ringing by lifting the handset for a second, then replacing it.

LONG DISTANCE CALLS

Ask the operator for Long Distance when you wish to make a long distance call.

If you can give the telephone number at the distant point (the called town or city), your call can be handled more promptly.

When "Long Distance" answers, give her the information, preferably as follows:

1. The name of the town or city you are calling.

2. The telephone number at the called place or other means of identifying the called telephone.

The operator will indicate when she is ready to receive additional information.

If you desire the charges made to the called telephone number, tell the operator to make the call collect.

CLASS OF CALLS AVAILABLE ARE AS FOLLOWS:

Station-to-Station—When you will talk to anyone at the telephone called.

Person-to-Person—When you want to talk to a Particular Person.

Appointment Call—When you want to talk to a particular person at a specified time.

Messenger Call—When it is necessary to send a messenger to summon the particular person called.

Reduced Night and Week End Rates—Reduced rates applying to Person-to-Person calls as well as Station-to-Station calls are in effect from 6:00 P. M., to 4:30 A. M. and from 6:00 P. M. Saturday to 4:30 A. M. Monday.

The number changes in this issue of the Bremen Telephone Directory have been necessary in order to give the best service possible to the subscribers. Be sure of addresses and phone numbers before visiting or calling professional men's offices.

Classified Telephone Directory

Bremen, Indiana

The Classified Telephone Directory is published for the benefit and convenience of our subscribers. Each business subscriber is given one listing under one general classification without cost. Additional listings under other classifications may be obtained for a nominal charge by making written application therefor, to the Company in advance.

The Telephone Company assumes no responsibility or liability for errors or omissions occuring in the Bremen Telephone Directory. Errors or omissions will be corrected in the next issue, if reported by letter to the Company.

All subscribers (both residence and business) are listed alphabetically on the preceding white pages. The following pages (yellow) list only those who pay a business rate.
